The amendment filed 10/19/05 is ENTERED.

Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance:

As stated by applicant, Niu et al does not disclose or suggest the instantly claimed polymer materials now required in the instant claims. With respect to Nahass et al, the examiner agrees that the reference does not inherently meet the claimed limitations. Specifically, applicant has shown by direct comparative example that the claimed "product-by-process" limitations result in patentable differences over melt blended compositions (as taught in Nahass). See, for example, page 7 of the instant specification (comparative example 4).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark Kopec whose telephone number is (571) 272-1319. The examiner can normally be reached on Monday - Friday from 9:30 AM to 6:00 PM.
